

## Fat momma

(riff A<sup>4,7</sup> D<sup>4,7</sup>)

I've got a big fat momma  
I've got a narrow fire escape  
No way to get her down the ladder  
Might the flames rage

I've got a big fat brother  
I'm living ten storeys high  
No way to get him up the stairs  
Might he ever drop by

So I've got this indoor problem with the exit and access  
I've got these family matters, that I really should address  
Not to mention my big fat daddy  
That really make a mess of the place

You know my big fat momma  
She really is an awful sight  
High time I took her to the gym  
To get her shape right

You know my big fat brother  
On the booze day and night  
High time I took him to the shrink  
To lose his appetite

But it gives a hard time pushing against such mighty overweight  
Whenever reaching to a gym or shrink, I might very well be too late  
Not to mention my big fat daddy  
And all the extra mess that he makes
