

BEEP! you (American style) (capo op 3)

A C D A (2x)

A C D A
Girl, you've never met me, and I think you never will
A C D A
But if you were to look my way, I'd take you through the drill
C F D E
I'd show you every corner, every trick the book supplies
A C D A
For you have got the power, to make the serpent rise

A C D A
You may call it Kundalini, you may call it anything you like
A C D A
As long as it would get us there and take us to the pike
C F D E
I'd be your trusty soul mate, bring you flowers every day
A C D A
Just say that you'd be willing, just say you are okay

F#m Bm7 F#m Bm7
Then I will BEEP! you in the kitchen, and I will BEEP! you in the hall
F#m Bm7 F#m Bm7
Down on the dinner table or right up against the wall
Gm Cm7 Gm Cm7
I will BEEP! you in the morning, and I will BEEP! you in the BEEP!
Gm Cm7 Gm Cm7
I will BEEP! you on the pillows, and I will BEEP! you on the grass

Boy, I've never met you, and I hope I never will
A C D A
But if you'd ever come my way, I will be dressed to kill
C F D E
You can choke on your desires, don't let them get into you head
A C D A
Just as much as point a finger, well you'd very soon would wish you were dead
